## FAMILY & YOUTH PROGRAMS

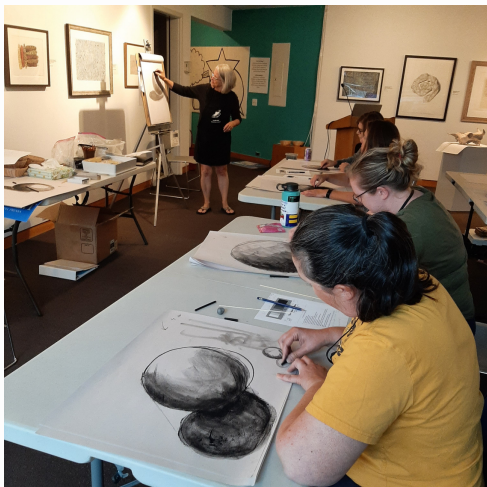

Our classes for families, Art and Science summer Camp, and Gallery Guides are designed to inspire families and youth of all ages.

We provide an inclusive environment and stimulating programming that support the development and expression of all people.

We offer a range of programs and initiatives designed to strengthen our community through shared experiences and deepened understanding of diverse perspectives.

## MONA LINK

Established in 2003, this program is a partnership between MoNA and local school districts designed to provide art education opportunities. This one-year professional development program offers multiple museum visits and standards based integrated art lessons designed by museum educators.

## OUTREACH PROGRAMS

We work to build relationships with our community by providing art kits and mobile museum programs that partner with local organizations in a variety of ways.

## ART LESSON PLAN ARCHIVES

This unique resource features an expanding collection of comprehensive lesson plans inspired by Northwest artists. The lessons have been thoughtfully crafted throughout the years of the MoNA Link Program, and viewers can download plans in a wide range of media.

## ART BOX LENDING LIBRARY

This free resource provides 35 boxes of quality art supplies, such as charcoal drawing, printmaking, and watercolor painting materials. An accompanying lesson plan and sample art project are included in each box.

## OUTSIDE IN GALLERY

Come explore MoNA's Education Gallery, which is dedicated to the inclusion of those outside of the museum. This gallery creates a space for the museum community's voices to be heard.
